4. **Gene Bass – Antique Fire Truck Proposal** – *Residents Gene Bass and Chris Grindle, presented information related to the idea of refurbishing the 1939 Seagraves fire truck that was the Town's first motorize fire truck. Mr. Bass has contacted a person who does this type of work and they will be coming to see the truck and provide an estimate of the restoration cost. Mr. Bass and Mr. Grindle wanted to discuss this idea with the Infrastructure Committee to see if there was interest on the part of the Town in having this work done. They discussed that fund raisers would be held to help with the costs, and Mr. Bass would do the work to get the truck running in order to determine if that were possible before considering any further work.*

Committee members expressed support for the idea but indicated that they would like to see more information on the scope of work required, the cost of same, information related to where the truck would be stored, how it would be displayed, etc. Mr. Bass and Mr. Grindle will ask for another meeting when they have more information on this project.

5. **Adjournment** – *Motion by Councilor Gauvin, seconded by Councilor Bissonnette to adjourn at 6:45 p.m.*

Respectfully submitted,
